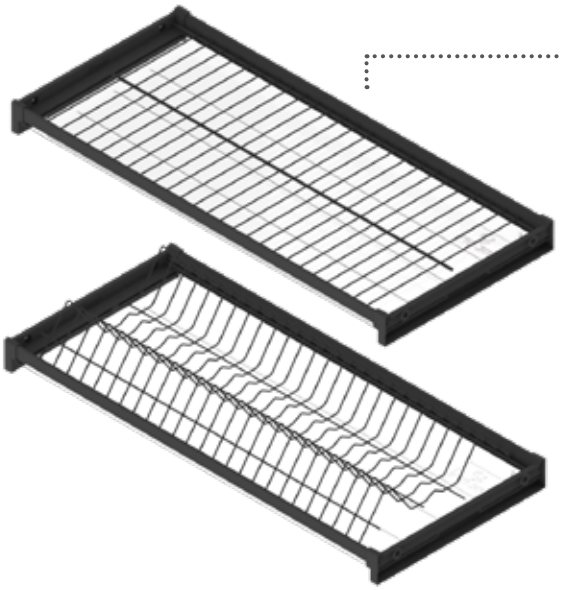
DISH DRAINER

Solutions for the washing up area

Dishwashers are an indispensable piece of kitchen equipment that considerably simplifies everyday dishwashing tasks. Rejs solutions are offered in several sizes, shapes and colours, making them match any kitchen and make it more functional. Particularly worth mentioning is the new Premium drainer, with profiles made of high-quality aluminium, which provide not only durability but also an aesthetically attractive look.

PREMIUM DISH DRAINER



- lower and upper level based **on aluminium profiles**
- minimalist, modern design
- back support profile included in set
- **two water trays** in set
